

To whomever uses these photos

The slides are arranged so that the rocks are in numerical order. Therefore the slides are mixed - in so far as roll numbers are concerned. For that reason it isn't possible to locate ~~the~~ the corresponding black + white photos from the roll numbers for the 1st 6 rolls. The rock numbers are listed for each of the first six rolls to facilitate locating them. From roll "14" on, the black and white and color photo roll numbers are comparable.

Sorry for the confusion.
